

TT KS-LT plus

Low temperature partial storage heater with the "plus" thermostat for easy programming. The thermostat detects open windows and occupies an additive start control with various daily and weekly programs. Large display for good device operations. **IP 24**

TT KS-LT H RF

High low temp. partial storage heater, but with built-in radio receiver for control with an external thermostat e.g. TPF-ECO (exclusive) and our TYDOM APP. Necessary for control over the Internet, range within the building approx. 30 m (depending on the type of construction), radio frequency 868 MHz (EN 300 200 standard), for ECO interface (see page 12-13). **IP 20**

The TPF-ECO thermostat and ECO-Interface must be ordered separately for all RF models.

TT KS-LT H plus

High low temperature partial storage heater with the "plus" thermostat for easy programming. The thermostat detects open windows and occupies an additive start control with various daily and weekly programs. Large display for good device operations. **IP 24**
